Focusing on You: Genetics Program Ranks Number Two in Nation

UHealth researchers are studying the underlying genetic causes of diseases to better diagnose and treat patients.

Stephan Zuchner, M.D., Ph.D., a world-renowned geneticist and Chair of the Department of Human Genetics at the University of Miami Miller School of Medicine, talks about the research his team is doing to uncover the underlying genetic causes of diseases to better diagnose and treat patients. UM’s genetics program is ranked number two in the nation.
